Netherlands

Dear Dr. Graeme Sweeney

RE: ZEP Membership

We thank you for the invitation to attend the ZEP AC meeting to be held on the 16th of September, 2009 and for the opportunity to present to, and meet ,the ZEP membership base.

My organization (MHI) believes that ZEP plays a key role in developing, supporting and ultimately implementing CCS within Europe and we are keen to be involved in this important initiative moving forward.

MHI is one of the leading post combustion CO2 capture technology providers and firmly believe we can significantly contribute to the broader activities and projects within ZEP, based on our extensive global CO2 capture project experiences.

Accordingly, we express great interest in becoming a member of ZEP and would appreciate your kind acceptance of our request.

Your understanding and cooperation is highly appreciated and we sincerely look forward to hearing from you and participating in the above mentioned meeting.

Sincerely yours,

Atsushi Kato

General Manager, Environmental Systems
