

# Fast Track CO<sub>2</sub> Transport and Storage for Europe

TWG Update  
ZEP Advisory Council 48

14/09/2016

# Fast Track CO<sub>2</sub> Transport and Storage for Europe

## Principles:

- Looking back from 2040-50 what did we do to achieve the necessary infrastructure outcomes?
- Action oriented – what, why, who, when, how?
- Need to kick start 8 parallel activities
- Leverage European flagship projects with system design in mind

# Fast Track CO<sub>2</sub> Transport and Storage for Europe

8 Chapters corresponding to parallel activities:

- Open access to data and information (S)
- Appraisal (S)
- Strategic planning (T&S)
- Market structure (T&S)
- Regulation (C,T&S)
- Incentives (C,T&S)
- Politics and communication (C,T&S)
- Technology (C,T&S)

# Fast Track CO<sub>2</sub> Transport and Storage for Europe

## Tabulated action plans

Example: open access to data and information

Context and Purpose	Action	Owner	Timetable	Requirements
1. Providing open access to relevant T&S data and information for project developers and regulators to accelerate development of CCS projects and networks	1. Establish organisational model for data man org & regulate access to (e&p) company data	1. MS with coordination at EC level	1. 2020	1. Consider use of existing similar bodies at national level
	2. Identify responsible existing body or raise new body/public or public-private?	2. MS (+industry?)	2. 2020	2. Separate MDO or merged with RDO
	3. Implement data man functions in existing/new org	3. Idem	3. 2023	3. Different timing for individual MS dependent on timing national CCS implementation plans/roadmap
	a. Standards and methods for storage site and capacity evaluations (& injectivity, containment, env. baseline and infrastructure)			
	b. GIS db with storage prospects with various levels of detail and confidence			
	c. Enduser portal with GUI			
	d. Emission db through linking with existing national dbs			
	4. Launch DMO and active completion of dbs and facilitation of client queries		4. 2025	
	5. 1 <sup>st</sup> annual review report		5. 2026
